

Horizontal UTP Cable

- Solid 4-pair 24AWG (0.51mm) specified, 22AWG (0.64mm) solid also allowed. An overall shield (ScTP) is optional.
- Performance marking should be provided to show the applicable performance category. These markings do not replace safety markings.
- Color-Coding:
 - white/blue - blue
 - white/orange - orange
 - white/green - green
 - white/brown - brown

Hybrid and Bundled Cables

Hybrid and Bundled Cables:

- Hybrid and bundled cables that contain multiple units of recognized horizontal copper cables are subject to additional NEXT loss requirements between cable units. These requirements assure a minimum of 3 dB additional power sum crosstalk isolation between applications that may operate on adjacent binder groups.
- All detailed specifications for the individual cable units used in the hybrid assembly still apply.
- Hybrid and bundled cables shall meet the transmission requirements specified in TIA/EIA-568-A-3.
